This form must be completed and submitted:

- Before you begin Simultaneous Clinical Informatics/ACGME Subspecialty Pathology fellowship Training using Pathway A or Pathway B, please refer to the ABPath website [Booklet of Information](#) for requirements.
- You **must receive prior approval** from each fellowship program director and the ABPath before beginning Pathway A or Pathway B.
- The following table(s) must be completed when applying for simultaneous training of Clinical Informatics fellowship with another ACGME-accredited Pathology fellowship program.
- Each field in the appropriate table(s) is required.
- Please submit the completed and signed form to [Renee@abpath.org](mailto:Renee@abpath.org).

Pathway A: An applicant may simultaneously complete an additional one year of ACGME, ABPath subspecialty fellowship, during the same two years as the Clinical Informatics fellowship. After completion of the two years of training the applicant is eligible to apply for board certification in both. Both Table #1 and Table #2 below must be filled out.

Pathway B: A Clinical Informatics project, research, and/or learning that is related to the one-year fellowship must be undertaken for the full duration of the first year of Clinical Informatics training, completed and the requirements of the one-year fellowship must have been met to be eligible for certification in the one-year fellowship. Complete Table #1 only.
